

METO RESELLER

PRODUCT RANGE

Dear Resellers of Meto International GmbH,

we are delighted to present to you our new product catalog tailored specifically to meet your needs as resellers of labeling solutions. With pride, we introduce to you a comprehensive selection of innovative products that will assist you in offering top-notch labeling solutions to your customers.

At Meto International, we have always placed great emphasis on quality, reliability, and innovation. As one of the leading providers of labeling solutions in the industry, it is our mission to provide you with products of the highest quality that meet both your standards and those of your customers.

Within our new product catalog, you will find a wide range of products designed to cater to the diverse requirements of the retail sector. From our proven labeling devices and label rolls to our extensive range of informational and decorative labels, we offer solutions for every need. Our assortment also includes customer flow management systems to ensure you are always optimally equipped.

We take pride in the fact that our products not only excel in quality but also in user-friendliness and durability. Our labeling solutions have been developed to make your daily tasks, as well as those of your customers, easier and to enable efficient and precise price labeling.

As resellers of Meto International, you are a vital part of our success. Your dedication and expertise are crucial in making our products known worldwide and in satisfying our mutual customers. Therefore, we would like to express our heartfelt gratitude to you for your support and loyalty.

We hope that our new product catalog will assist you in selecting the best labeling solutions for your customers and expanding your business further. Our dedicated staff is always available to assist you with any questions or concerns.

Thank you for your continued partnership and the trust you place in us. Together, we will continue to set the standards in labeling technology for the future.

Warm regards,

Markus Eppensteiner
Meto International GmbH

CATEGORY OVERVIEW

Pricing Guns

Always ready for use, always spot on: your Meto Classic and Meto Basic.

Labels

Choose from a range of colours, shapes and sizes.

Ink rolls

A perfectly tailored ink cartridge system for your pricing gun.

PrePrint Labels

Normal is too boring for you? We offer a wide range of pre-printed labels and are continually expanding this product category.

Those who can, do: features of the meto pricing gun.

On the safe side: high-quality materials and regular quality checks make Meto pricing gun robust und durable, with up to a three-year warranty.

Child's play: our tried and tested pressure-point mechanism and the high indexing rate ensure precise and constant print quality.

No more wrist pain: its ergonomic design makes the pricing gun easier to hold.

Almost magical: the print quality is consistently high, regardless of how much pressure you apply when using the pricing gun.

Unpack and you're good to go: the set includes the pricing gun together with label and ink rolls already inserted.

CATEGORY OVERVIEW

Sealing & Tamper-Evident Labels

Give your product packaging an extra dose of security with our tamper-evident labels! Our Tamper-Evident Labels are your ultimate solution to build trust with your customers while protecting your products from unwanted tampering. With our innovative technology, any tampering is instantly identifiable and your customers can rest assured that they are holding an untouched and safe product in their hands.

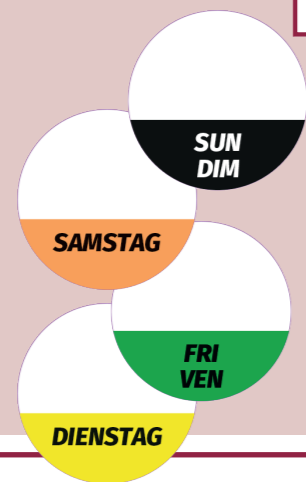

Promotion Labels

To create short-term sales impulses, we recommend our Promotional Labels, which will attract additional attention when selling off remaining stocks, discontinued items or perishable goods. Special offers, discount campaigns and promotional goods can also be marked in this way to promote sales.

Food Rotation Labels

Our Food Rotation Labels are key for your customers to implement proven food safety measures, keep your products fresh and minimise spoilage. They help you significantly increase operational efficiency by controlling food, product and labour costs while following regulatory guidelines, such as HACCP, to comply with all food safety protocols.

Dispenser Solutions

Label dispensers come in various designs, making label processing from rolls easier. Using a label dispenser ensures immediate productivity improvements, resulting in more productive and less frustrated employees. These devices automatically remove labels from backing paper, ensuring a seamless labelling process.

CATEGORY OVERVIEW

You need to be able to rely on a smooth workflow for the purposes of product labelling and identification with thermo labels. To this end, Meto – your retail label expert – now offers a product line of high-performance thermal printers and corresponding consumables which can be deployed in your work processes immediately.

To add that “little extra”, free label templates, design software and a service for tailor-made templates make Meto Print a high-powered all-in-one solution.

The reliable, high-speed Meto PrintEasy and Meto PrintHybrid thermal printers offer you the benefits of the full range of components:

- Access to a wide range of ready-to-use print templates for practical label applications – at no extra charge!
- The BarTender UltraLite software for creating your labels
- Meto offers a customised template creation service
- The right labels and consumables for any application in the quality you’d expect from Meto
- Transparent labels also for direct thermal printing
- Grass paper labels and water-soluble labels for thermal transfer printing
- 2-year warranty with options to extend
- Comprehensive service online and via hotline

MetoPrintEasy

MetoPrintHybrid

Meto Print offers reliable, high-performance thermal printers which can be scaled to your requirements. The firmware for the printers emulates various common printer control languages, enabling immediate deployment in your environment. This means that you can use the printers to print existing label templates in your network or directly from your computer.

Stand-alone operation
Use the stand-alone operation mode to print a standard label template wherever you need it.

Real-time clock
With real-time clock for printing time and date or production and use-by date.

Dynamic templates
With dynamic templates you can enter values directly via the display on Meto PrintHybrid printers

Read and print EAN codes
Read and print EAN codes using a bar-code scanner that connects to your printer.

Flexible connections
Flexible connection and entry options via USB-Host, including keyboard or numeric keypad.

Interfaces
Printers have USB, Ethernet and RS-232 ports for stationary use with a PC.
